

**Here's what one DVD owner recently said to me about
"Write Your Book in 20 Minutes:"**

"Eva, I now own your DVD 'Write Your Book in 20 Minutes' and so, so, so glad I do. It is awesome! Hearing and seeing you flesh out the bubble method for nonfiction and fiction works is an invaluable 'a-ha' for me. Your energy, clarity, experience, humor and affection for this topic, as well as for writing, writers and us wannabes is palpable and infectious. The production is of such high quality I feel like I am part of the audience.

"Yesterday, I listened to the whole thing first and let a few hours go by while I let it simmer in my brain. Then, I watched. There are so many tips, tidbits, how-tos, some don't-dos and other pearls packed in this hour of professional instruction that I'd deem this is a treasure and irreplaceable in a writer's library,"
